

THE BOOK of Books: King James Bible

The BOOK of books suffers from fanatical rants and intellectual skepticism, inspires the noblest and provokes the basest behavior, influences families along with the most successful corporations, and has even built and destroyed nations, "**In the beginning God...**" (Genesis 1:1) begins the "Book of books" and then conveys the highest truth possible to mankind, the greatest need of man: his purpose and destiny. Described by the blind Milton in his writing, who clearly saw the theme, he named it "Paradise Lost" and "Paradise Regained." This magnanimous subject is conveyed in the Book by every worthy literary genre and form: history, prose, narrative, soliloquy, poetry, letters, parables. The literary devices employed are innumerable from allegory to wordplay. The Book is living, not only as literature but eternal, spiritual truth that affects body, soul and spirit.

Over forty authors separated by education, profession, personality, age, and centuries all write in perfect harmony and unity. From the first book (Genesis) through the last (Revelation) the common theme is maintained with all contributing to the same design. There is a golden thread that runs through each book revealing Deity, a red thread that proclaims "the life of the flesh is in the blood", a Kingdom thread that holds all together with the dominion of God as well as the thread of the Substitute of God becoming man that man might be brought to God from depravity to holiness without violation of divine righteousness, justice or love.

There is no way to fully describe the unique qualities of the King James Bible. In the clear prophecies it proves there are no other books with which to compare it. When we consider the evidence contained therein, there is no logic to explain why some men hate the Bible---other than they hate the truth, or that hatred has been fueled by misinterpretation. Although not a book of science, all the science found within, if rightly interpreted in a normal literal manner, has been discovered to be true. In principles of communication, technology, medicine, language, and even literature, it speaks of matters unknown and undiscovered only to be vindicated in the centuries that follow its statements. Strangely, it is at the same time, the most hated and beloved book, vilified and justified, attacked, and protected. Those who love it, love even unto death; those who hate it spare no hatred.

Above and beyond the foreknowledge and predictive scope of human science displayed in its pages, the KJB predicts an amazing but future, universal cohesion of man and the universe. Beginning with one man in Genesis, scripture moves to one family, one race, then moves to no distinction between races, and culminates with all men blended in a perfect universe in the last book, Revelation. God's promise to Abraham in Genesis 12:3, "...in thee shall all families of the earth be blessed" will be fulfilled.

THE BOOK has on its cover "The Holy Bible" and by that title claims to be God's pure word above all other books to mankind. Whether it is or not can be found by letting it speak for itself. Copied in its style and even wording, plagiaristic and false religions have abused and brought reproach upon it. Ridiculed by those who ignore its stated rules for understanding, the attacks upon this book are unparalleled in all the libraries of mankind. The careful reader will discover

its value for himself if he but spend the time to hear it with unbiased "ears to hear".

My goal is to present the practical evidence and prophetic utterances of The King James Bible in such a way that a common reader may appreciate the foreknowledge displayed in its pages so that he may delve further and come to the knowledge of the truth. In other words, that the reader through the word of God will come to know Him who is the Word.

--Dave Reese, 2020

COMMUNICATION AND TRAVEL

COMMUNICATION

"Canst thou send lightnings, that they may go, and say unto thee, Here we are?" (Job 38:35 KJB) The LORD asked Job this searching question when men knew almost nothing of the properties of lightning as electricity and the role electricity would have in communication technology. In fact, it took centuries before the knowledge of man could arrive at part of this fact the Bible so simply and plainly stated over two thousand years before Benjamin Franklin flew a kite. The careful Bible reader will also see much more than our present cell phone technology in the verse.

TRAVEL

"The chariots shall rage in the streets, they shall jostle one against another in the broad ways: they shall seem like torches, they shall run like the lightnings." (Nahum 2:4 KJB) When Sir Isaac Newton (reading this Bible prophecy) dared suggest that men would someday travel in "chariots" at high rates of speed, the old infidel, Voltaire, claimed Newton was speaking in his "dotage". Ten minutes on I-5 in any USA west coast area or through Atlanta, Georgia on I-85, or on the German Autobahn, will prove who was confused or in "dotage". The prophecy is applicable to all ages. Had the word "Ferrari" been used instead of "chariot" a Ferrari, Henry Ford's A-Model, or a Mustang 5.0 would have dated the prophecy and limited it to the 19th century. If God allows this present "day" a few more decades, there will be "chariots in the broad ways" that make a Ferrari look like an Amish horse and buggy on a country path. And, by the way, when politics and oil companies lose their influence, a form of natural (not stored) electricity ("run like the lightnings") will do it.

Air travel was predicted before the Wright brothers worked on bicycles and long before Leonardo glued feathers together: **"Who are these that fly as a cloud, and as the doves to**

their windows?" (Isaiah 60:8 KJB) "Thou liftest me up to the wind; thou causeth me to ride upon it, and dissolvest my substance." (Job 30:22 KJB) "Thou hast caused men to ride over our heads; we went through fire and through water: but thou broughtest us out into a wealthy place." (Isaiah 66:12 KJB)

ECONOMICS

"And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name." (Revelation 13:16, 17 KJB) In the end of man's day the Book states that a system of worldwide monetary control will be used. This system is determined by a "password"—number and name. Today, user name and password is used to buy and sell worldwide. Men are dependent upon the "computer age" so that all financial obligations can be met by entering a name and number from any location. An Internet exists that binds all men and their interests, education, and business to all others. This was unthought of a mere twenty years ago but now it is assumed. Funds are transferred across world currencies with a mere touch of a button. This is so clearly stated in Revelation without any "Nostradamus nonsense" ambiguity. Furthermore, today (2020) and for the past decade, there exists information agencies (known as data mining) that collects millions of usernames and interests of Internet users, ready to be used at any time for any purpose deemed "necessary".

The Book even goes beyond our current technology by the marriage of machine with biological properties. We are able to produce artificial intelligence in computer programming by entering preset conditions with corresponding outcomes, but we are not yet capable of molding the biological with the mechanical; one day we will. The Book declares that day will arrive with severe consequences: "**And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed.**" (Revelation 13:15 KJB). It appears that the ultimate "lie detector" although predicted, is yet to come.

GOVERNMENT

The United States of America, once "the land of the free, and home of the brave" has become "the land of every spree and home of every fanatical rave". Borders of the nation are now open to any and all that want to tear freedom and peaceful life out of existence. Government leaders can only be elected when they have millions of dollars in their coffers, supplied by special interest groups that will profit financially when their candidate takes office. Honest elections are questioned. Spiritual blindness has settled like a dark cloud over moral values, stifling every breath of character and justice. Politicians talk of curing the ills but they walk the opposite way. Bureaucrats increase like rats and pollute every corner. It has become almost impossible to elect an honest, righteous person to any high office. The reason? People get government that reflects their character.

Every conceivable form of human government (Autocracy, Democracy, Oligarchy, etc.) is recorded in the Bible and all of them are proven to be corruptible. When the world was perfect--in innocence with no error or rebellion, it ended in death. (Genesis 1-3) When every man followed his own conscience, it was a disaster. (Genesis 4-8) When nations of men gathered to form a "United Nations" assembly, the result was utter confusion and chaos. (Genesis 9-11) When family elders ruled in all matters, they failed. (Genesis 12-Exodus). When mankind was ruled by the most perfect and righteous code of law, (Exodus 20-Matthew 28) they crucified the Lawgiver. And, when man comes under the government "of the people, by the people, for the people", the end result is selection of a vile human devil whose judgment brings the greatest destruction of the world and all its people's such as never known before. (Revelation 13-19).

The only form of government that is perfect is revealed to be Theocratic: God's Son ruling out of the city of Jerusalem as "King of Kings and Lord of Lords" for one thousand literal years. (Revelation 19). And, even after that history shattering event, man and devils are allowed a brief time to "do their thing". They rise in rebellion. an attempt to destroy the Prince of Peace, the Lord Jesus Christ. It is then, and only then, that a New Heaven and New earth will usher in eternal righteousness and peace. All of this is recorded in God's word: the most hated Book of all time by those who laugh at its precepts. Men do not believe it although the word of God

predicted the fall of all these government forms hundreds of years before---and history testifies to Bible facts. Babylon, Persia, Egypt, Greece, Rome, all lie in dust.

Look at the modern so-called "Super Powers". England, whose flag flew in daylight around the world less than 100 years ago, is now almost isolated with internal strife that tests its very existence. The "New England" America, like her mother, threw the Bible out of its educational system, banned prayer---all in the name of protecting 'citizen's rights' and advancing equality, now reaps the whirlwind of rewriting history, city protests, riots, and looting. In the very basis of a "Democracy" (people's rule) the seed of its destruction was planted. With "freedom of religion" comes a government by man that MUST be separate from religions and therefore, pantheistic in law and atheistic in practice. The system is doomed, for the same Book that predicted travel, medicine, communication, economics also warns: **"Thou shalt have no other gods before me."** (Exodus 20:3 KJB)

MEDICINE

"And when he that hath an issue is cleansed of his issue; then he shall number to himself seven days for his cleansing, and wash his clothes, and bathe his flesh in running water, and shall be clean." (Leviticus 15:13 KJB) Medical science was blind that "running water" had something to do with cleansing until the late 1800's. And, the man (Ignaz Semmelweis) who applied the principle, conflicted with the established scientific and medical opinions of the early 1800s. Doctors were offended at the suggestion that they should wash their hands, the germ theory of disease being unknown. Eventually, Semmelweiss's views stirred the authorities to put him in an asylum where he was beaten to death.

"For the life of the flesh is in the blood: and I have given it to you upon the altar to make an atonement for your souls: for it is the blood that maketh an atonement for the soul." (Leviticus 17:11 KJB). Couched within the spiritual importance of blood that makes "atonement for the soul" is a medical utterance: **"And the Lord God caused a deep sleep to fall upon Adam, and he slept: and he took one of his ribs, and closed up the flesh instead thereof; (22) And the rib, which the Lord God had taken from man, made he a woman, and brought**

her unto the man. (23) And Adam said, This shall be called Woman, because she was taken out of Man.” (Genesis 2:21-23 KJB)

So-called 'modern medicine' is so blind the majority fail to see that God put medical facts right in front of their noses thousands of years before they 'discovered' them. The idea of anesthesia, sutureless closure of wounds, importance of bones, and genetic engineering were all in the first chapters of Genesis.

(FOOTNOTE: "King James Bible" (KJB) is used instead of "King James Version" due to the fact that the English translation did not begin in 1611. **“And I saw in the right hand of him that sat on the throne a book written within and on the backside, sealed with seven seals.”** (Revelation 5:1 KJB) The translation of God's seven sealed word into the English language was a prolonged work that spanned c. seven centuries. It is seven sealed in translation, dispensation, and history. **“The words of the LORD *are* pure words: *as* silver tried in a furnace of earth, purified seven times.”** (Psalms 12:6 KJB) Like the Hebrew Old Testament which came into being along with the Hebrew language, the English Bible (both Old Testament and New Testament) was translated alongside the development of the English language. The English Bible and the English language are therefore bound to each other in "warp and woof." The translators' work in 1611 was but a culmination of that long process; the result was a finished, perfect translation. All future attempts at successive "improvement" have introduced multiple errors rather than illumination of its truth.

NUMEROLOGY (BIBLE)

Man's beginning was on the sixth day and thereafter he is marked with the number six by the Bible rule in both culture and history. At six foot he is of average height, short if less and tall if more. We bury him "six feet under ground" whether he has average height or not. Man is to work six days with each day marked off in 24 hours (4 X 6) each hour 60 minutes (6 X 10) and each minute contains 60 (6 X 10) seconds. God's allowance to man (without time gaps) are 6,000 years. In Genesis 6 the first of the two universal judgments upon man is recorded and in Revelation 6 the second universal judgment upon man on earth is begun. The Bible is written as God's revelation of Himself to man, contains 66 books, and confirms the number of man. The

sixth book in the Bible is the first book in the Bible and Old Testament with a man's name: Joshua, a total of six letters in English and Hebrew. The sixth book (Romans) in the New Testament is a six letter word in both English and Greek. The title Romans mean "having to do with man" and is the first Bible book that tells how a man in Adam can become a new man in Christ. The fact is outlined in exactly six verses which have as the sixth word "man" (Romans 2:1; 2:3; 2:6; 3:28; 5:7; 6:6).

The numbers 13, 1, 2, 3, 4, 5, 7, 8, 9, 10, 11, and 12 can also be aligned with Bible and culture. We mention only number 9. Nine in scripture and culture is the number of fruitfulness. From human conception to birth the average time is 9 months, and from birth to motor skills such as crawling, nine months. Nine (fruit) follows Eight (New beginning) which follows 7 (completion). 1 Samuel is the ninth OT book and records the first mention of the most fruitful Monarch of Israel: King David. Galatians is the ninth book in the NT, and Galatians has nine letters in its title. Galatians is also the only Bible book to list the ninefold fruit of the Holy Spirit.

LITERATURE

Studied from a literary standpoint, the King James Bible is majestic in style as well as the major fountainhead of words, idioms, phrases and plots by English authors. All major forms of literature are found in the King James Bible.
