

## DAVE AND SUE REESE JUNE 2021

### STEPS TO BUILDING A JUNGLE CHURCH BUILDING

Begin a Bible study in the village. Usually, a senior student from Open Bible College leads the studies.

Obtain permission from the tribal leader to build.

Purchase available materials or cut timber for frame from jungle.

Enlist volunteer workers from among those saved in Bible studies.

Organize a church.

Use saved volunteers to build church building.

Open Bible College students help on construction.

**This is a new church recently (June 2021) completed in Southern Mindanao Philippines.**

**Thank you for your prayerful support of Ends of the Earth Mission!**

In JESUS' NAME.

*Dave and Sue Reese*

All funds are tax deductible and are used to further the gospel in the Philippines by winning souls, training students, and establishing local churches where there is no gospel witness. Receipts are sent each month. God bless our partners for helping!

## BAYONA NEWSLETTER JUNE 2021

We have several Faith Baptist Church members who work as domestic helpers in Hong Kong. The Hong Kong church (Island Baptist) is pastored by the EOTEM Vice President and China Director, Dr. Jonathan Johnson. We thank God for this Hong Kong church where our members can attend.

We pray for the work of Island Baptist Church.

This is another new church in Sebu area of Mindanao. Pastor is Brother Puyong, a graduate of Open Bible College Mindanao. I will preach the church inauguration the last Sunday in June. The church sign will be placed then.

We thank God for your prayers and support.

Dr. Roger Bayona  
Philippines National Director
