

DAVE AND SUE REESE
DECEMBER 2023

Dear Faithful Supporters:

The Victory Baptist Church project in the remote village of Nursery, Mindanao is finished.

We have a new church building project in the Lake Sebu area. The village captain of Kisawil donated the land area for it and we have enough funds to start the building. We already have Bible studies and 25-35 attendance. The picture is a group of Bible study members standing on the location of the new building.

As I read Paul's ministry during his lifetime in the 1970s, I realized the major ministry during this present age is to win the lost and establish churches where Christ has not been named. ---Thank You for helping us do that. Dave and Sue Reese

DECEMBER 2023 BAYONA REPORT

Open Bible College Mindanao Zone 4, Surallah, South Cotabato, Philippines 9512

This November, we were able to hold our first annual young adult's conference. There is a gap between young people and adults in the church. That oftentimes, young adults tend to be less active in the church because of pressures of work, family, and other stuff that they didn't encounter when they were younger. Pastor. Elmer Herrera was our invited speaker. Topics were especially catered to Young Professionals. We have registered around 60 young professionals who attended the event. We had 3 sessions each day and our sessions started at 9am and ended at 3pm.

THANK YOU FOR PRAYERS and SUPPORT.

Roger Bayona
EOTEM PI Director
