

DAVE AND SUE REESE NOV-DEC 2024

This is a picture of our Open Bible College Pastors who were able to attend a conference at Trapiche, Panay. They currently serve churches on Panay Island Philippines. There are 12 other pastors whose churches are too remote to attend. Ends of the Earth Mission was enabled by the grace of God to train these men in a 4 year resident college program and build their church buildings. USA supporters are partners in this ministry. Without their faithful support, none of this would be possible. We currently have 80 students in training on the islands of Panay and Mindanao.—Dr. Dave Reese

ROGER BAYONA ENDS OF THE EARTH MISSION REPORT FROM MINIDANAO PHILIPPINES

**FAITH BAPTIST CHURCH THANKSGIVING SUNDAY MINDANAO
(Thanksgiving in the Philippines is celebrated in October)**

We had Elmer Herrera and his wife Dr. Lenor Herrera (both EOTEM grads) as our guests. Dr. Herrera held a whole day medical consultation for all pastors and their wives.

SIX Manobo tribe members finished basic bible training after more than a year of bible teaching by Angelito Castro , our OBCI satellite instructor in Ned, Lake Sebu. There were two couples and two singles from that tribe and one couple are planning to start another church in a different village of their own tribe.

This is what happened to Eric Palacios church in Tboli mountains after a storm destroyed it. The building was built by the tribe. We are praying that we would be able to help them build a more substantial building. Our supporters' gifts to the new church building fund enables that work.

Bible College classes of EOTEM/OBCI at Faith Baptist continues this week.

Thank you for the unwavering support extended to all the ministries here in the PI.

In Christ,

**Roger Bayona,
EOTEM Philippines National Director**

**Support Address for Dave Reese and Roger Bayona
PO BOX 4574 BEEVILLE TEXAS 78104**

“every cent designated to a missionary or project of EOTEM goes to that designation”
